بخش خواندن و درک مطلب – متن ها را با دقت بخوانید و به سوالات پاسخ دهید.

Cheetahs are a part of the big cat family. While they can't climb trees, they can run faster than any other land animal. Cheetahs are smaller than other members of the big cat family, weighing only ۴۵ – ۶۰ kilograms. They have a life span of ۸ to ۱۰ years in the wild. While lions and leopards usually do their hunting at night, cheetahs hunt for food during the day.

Cheetahs eat mainly gazelles, and other small animals.

Cheetahs are not usually dangerous to humans; they don't usually attack people. Some people actually kept them as pets (home animals) in the past.

TRUE or FALSE?

Cheetahs mainly hunt during the night. T/ F

Cheetahs can run faster than leopards. T/ F

Answer the following questions.

Where do cheetahs in Iran live?

.....

Are cheetahs dangerous animals?

.....

Every year, millions of people all over the world receive blood transfusions. Blood transfusion is actually putting blood from one person's body into the body of someone else.

A blood transfusion can help save thousands of lives each day! But why do we need a blood transfusion? And how do they do that?

When you need blood, you really need it because your body won't work right without enough healthy blood. Your heart pumps blood through blood vessels that reach every organ and tissue in the body. One of the blood's most important jobs is to carry oxygen to each cell in the body. And without oxygen, the body can't stay alive.

TRUE or FALSE?

Not everyone can receive all blood types. T/ F

We all need a blood transfusion to stay alive. T/ F

Answer the following questions.

What's the blood job in our body?

.....

What is one of the most important jobs of blood?

۱	پاسخ های احتمالی	SPEAKING - Monologue I believe we should consider less destroying the habitat of wild animals and consider taking care of them. We should stop killing animals and destroy their homes. We should take care of wild animals by not destroying their homes.
۲	پاسخ های احتمالی	SPEAKING - Dialogue A: How can we look after our body? B: Well, there are some ways we can take care of our body. For example, we should eat well, take enough rest and give tests gradually. A: Oh thanks for your useful tips. B: No problem! A: ... , how can we look after our body? B: I think there are different ways we can take care of our body. For example, we should eat enough nutritious food, sleep well and have tests every year. A: Thank you. You gave me useful ideas. B: You're welcome!
۳		SPEAKING – Role Play A: I believe losing weight is more difficult than weighing up. You know, we can simply gain weight by eating very much food. But it is very hard to lose weight by not eating or eating less. B: I think it is very difficult to lose wright than to weigh up. The main reason is that you can wat a lot and get fat but it is hard to stop eating to lose weight.

پاسخ احتمالی

I think it is very important to take care of the environment. First thing is if we destroy jungles and animals, we will not have enough food, drink and air so we die. Then protecting environment means protecting our own house. If we cannot look after our environment, we will not take care of our house. Finally, we should be kind to all animals and the environment.

GRAMMAR

Ali will visit a wildlife museum.
Ali will go to the zoo.
Ali will enjoy nature.
Ali will learn more about endangered animals.
